Contains 4 prefilled reservoirs 30g (1.05 Oz) each

USE ONLY IN AREAS NOT EASILY ACCESSIBLE TO CHILDREN AND PETS.

FOR USE IN COMMERCIAL, INDUSTRIAL AND RESIDENTIAL AREAS

KEEP OUT OF REACH OF CHILDREN

PROFESSIONAL INSECT CONTROL

Roach Killer Bait Gel

• Call a poison control center or doctor for treatment advice.

TREATMENT:

Discontinue use and remove from the site of poisoning. Give 1-2 glasses of water or milk if swallowed. Do not induce vomiting. Do not give anything by mouth to a person who is unconscious. Do not give syrup of ipecac or charcoal. Send container with patient to hospital.

CAUTION

HAZARDS TO HUMANS AND ANIMALS:

Keep out of reach of children. Keep out of reach of pets. Keep out of reach of those with known sensitivity to insecticides. Pesticides can be hazardous to pets. If a pet is treated, avoid feeding until the insecticide residue has disappeared. Do not let pets eat contaminated food or water. Do not let pets eat food or drink water treated with or near the product.

Discontinue use and remove from the site of poisoning. For first aid treatment, call a Poison Control Center or a doctor immediately. Provide first aid support until medical help is received. Be sure to have the container with you when you call a Poison Control Center or hospital.
