

MotherEarth™ Wasp & Hornet

Jet Spray

**KILLS ON CONTACT FROM 10 FT AWAY
FOR OUTDOOR USE ONLY**

KILLS:

Bees, Hornets, Spiders (excluding Black Widow and Brown Recluse), Yellowjackets and Wasps

ACTIVE INGREDIENT:

d-Limonene 10.0%

OTHER INGREDIENTS:

Contains petroleum distillate 90.0%

TOTAL: 100.0%

EPA Reg. No. 499-519

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

IF ON SKIN OR CLOTHING: Remove contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 min.

IF IN EYES: Hold eyes open and rinse slowly and gently for 15 - 20 min. Remove contact lenses, if present, after the first 5 min, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call 1-800-225-3320 for emergency medical treatment information.

NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia. No specific antidote is available. Treat the patient symptomatically.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing of vapor. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Do not remain in treated area and ventilate the area after treatment is completed. Do not contaminate water, food or food-stuffs. Remove all pets and birds. Cover fish tanks or remove before spraying.

ENVIRONMENTAL HAZARDS

For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not spray on plastic (including but not limited to vinyl), or directly into any electronic equipment. May cause staining (darkening) of asphalt surfaces and shingles on painted surfaces. Test a small area first and look for a reaction.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

GENERAL INFORMATION

For optimum performance in overhead treatments, align the actuator opening with the mark on valve cup. When treating in a downward direction, align the actuator opening directly opposite the mark on valve cup.

WASPS AND HORNETS: Hold container in upright position to treat. Stand safe distance, 6 - 10 ft from nest and not directly underneath. Align actuator opening with the mark on valve cup. Aim actuator opening toward nest. Treat nest until thoroughly wet. Wasps and hornets on nest should be contacted with spray when possible. Best time of day to treat is in evening or early morning, since wasps and hornets congregate on or in nest at night. Do not apply to pets or contaminate food, food-stuffs, dishes or utensils.

To prevent dying insects from falling on skin and clothing, avoid standing directly under nest being treated.

YELLOWJACKETS AND BEES: Locate underground nest. Align actuator opening directly opposite the mark on valve cup. Depress actuator and treat, with a sweeping motion, any stimulated or stirred-up insects around nest opening. Afterwards, move forward to nest opening and apply product for 10 sec directly into nest hole. This will suffocate bees and yellowjackets in nest; other bees and yellowjackets trying to return to nest will be repelled and will fly away.

SPIDERS (excluding Black Widow and Brown Recluse): Apply spray directly onto spiders and web.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry area away from heat or open flame and inaccessible to children.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not puncture or incinerate! Empty container by using the product in accordance with the label directions. Offer empty container for recycling, if available, or place in trash if allowed by state and local regulations. If container is partly full, contact your local solid waste agency or call 1-800-CLEANUP for disposal instructions.

Contains no CFCs or other ozone depleting substances.

Federal regulations prohibit CFC propellants in aerosols.
