To control subterranean termite infestations by subterranean termites, this product can only be used to supplement a soil-applied termiticide, a termite bait system, or other product as directed. Do not use this product as the sole source of control for active, structural infestations of subterranean termites, as it is not a substitute for mechanical alteration, soil and foundation treatments. For active, structural infestations of subterranean termites, use a supplemental tool to kill subterranean termites that are found in above-ground areas, and contact insects hidden deep within these galleries or voids. Do not use this product as the sole source of control for active, structural infestations by subterranean termites; it is not a substitute for mechanical alteration, soil and foundation treatments. For active, structural infestations of subterranean termites, use a supplemental tool to kill subterranean termites that are found in above-ground areas, and contact insects hidden deep within these galleries or voids.

**DIRECTIONS FOR USE**

This product is a ready-to-use formulation of imidacloprid intended to kill subterranean termite species of Colopertremus, Heterotermes, Reticulitermes, and Zootermopsis. For use by individuals/lines or registered by the state to apply general pest control products or termite products. States may have more restrictive requirements regarding qualifications of persons using this product. Bayer CropScience LP distributed this product by regional regulatory agency of your state prior to use of this product.

**ACTIVE INGREDIENT:**

Imidacloprid-1-[(3-chloro-3-pyridinyl)methyl]-N-nitro-2-imidazolidinimine 0.05%

**TOTAL:**

99.95%

**EPA Reg. No. 432-1391**

**EPA Est. No. 11625-GA-1**

**STOP - Read The Label Before Use. Keep out of reach of children.**

**CAUTION**

For Pest Management Professionals and Commercial Use Only

To KILL subterranean termite species of Colopertremus, Heterotermes, Reticulitermes, and Zootermopsis. For use by individuals/lines or registered by the state to apply general pest control products or termite products. States may have more restrictive requirements regarding qualifications of persons using this product. Bayer CropScience LP distributed this product by regional regulatory agency of your state prior to use of this product.

**USE SITES**

This product can be applied to insect galleries in damaged wood, spaces between wooden structural members, or into voids within the construction. Locations treated may include, but are not limited to, exposed wooden elements in crawlspaces, basements, or attics, unboxed wooden elements inside walls or other structural voids, exterior wooden elements in decks, fencing or siding, channels damaged in damaged wood, in spaces between wooden elements of a structure, and junctions between wood and foundations. Use this product in commercial and residential structures, as well as in other, non-structural wooden constructions subject to termite or wood-infesting insect attack.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

- Store in a cool, dry place and avoid excessive heat (>130°F). Store in original container and out of reach of children.
- Do not re-apply this product to a previously treated site or location before 3 months, unless re-infestation is observed or suspected.
- Do not apply this product, by any application method, to tinder, base-wood, or other Tikka species.

-Do not contaminate water, food or feed by storage or disposal.

**PRECAUTIONARY STATEMENTS**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION**

Harmful if swallowed. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling.

**ENVIRONMENTAL HAZARDS**

This product is highly toxic to aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to storm sewers in areas below the mean high water mark. Apply this product only as specified on this label.

**PHYSICAL/CHEMICAL HAZARDS**

Contents under pressure. Do not apply, use or store near heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 110°F may cause burning. This product contains a flammable propellant. Avoid draining in areas near electrical wiring, plumbing, communication lines, etc. Do not apply where electrical circuits might result, such as in wall outlets, conduits, motors, switches, etc.

**HOT LINE NUMBER**

Have the product container or label with you when calling a pest control center or doctor, or going for treatment. You may also contact 1-800-334-7577 for emergency medical treatment information.

**FIRST AID**

If swallowed:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If in eyes:

- Hold open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If on skin or clothing:

- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center for treatment advice.
